

1. Product Identification

Product Code	889 Lead free Solder Paste	889 Lead free Solder Paste		
Trade Name	Delta ™ Solder Paste			
Manufacturer	Qualitek-Europe Ltd	Unit 9 Apex Court,Bassendale Road Bromborough,Wirral.CH62 3RE. UK. Fax 44(0)151-346-1408 Tel 44(0)1513340888		

Supplier / Importer

2. Composition and information on Components

Components	Content	EC No	CAS	Hazard	Risk
Tin Copper Silver	*** *** ***		7440-31-5 7440-50-8 7440-22-4		
Modified Rosin High Boiling point Glycol Ether	<4.5% <1.5%		65997-05-9 112-73-2	Xi:Irritant	R43

* Typically 85-89% of the paste will be constituted by metal alloy. Percentage weights of metals will vary according to the alloy type - see product label for details.

3. Hazard Identification	
Main Hazards	Irritant May cause sensitisation by skin contact Irritating to eyes, respiratory system and skin
Health Effects Inhalation - Ingestion	Inhalation of the fumes or ingestion may cause headache, nausea, muscular pain. Irritation of the eyes and nose may result from contact with soldering fumes. Contact with the skin may cause sensitisation .
Chronic (Prolonged effects)	Anaemia, insomnia, weakness, constipation, nausea and abdominal pain due to ingestion. Skin rash, damage of mucous membrane due to skin exposure and inhalation. Possibility of Asthmatic reactions through repeated exposure to soldering fumes.
4. First Aid Measures	
First Aid - Eyes	Immediately flush the eyes with water for at least 15 minutes, holding the eye open Obtain medical attention urgently.
First Aid - Skin	Wash thoroughly with soap and water and remove all contaminated clothing as washing proceeds. Apply suitable lotion to prevent dryness. Seek medical attention.
First Aid - Inhalation	Remove person to fresh air and keep subject warm and at rest. Seek medical attention.
First Aid - Ingestion	Wash out mouth with water. Do not induce vomiting. Keep subject warm and at rest. Seek medical attention.

5. Fire Fighting Measures

Extinguishing media	Use Carbon Dioxide, Dry chemical, Alcohol resistant foam. Beware of the possibility of re-ignition.
Special Hazards	Dangerous when exposed to heat of flame. Containers may explode in heat of fire. Vapours can travel a considerable distance to source of ignition to cause flash- back.
Protective Equipment for Fire Fighting	Wear full protective clothing and use breathing apparatus.

6. Accidental Release Measures

Personal Precautions	Wear appropriate protective clothing especially gloves. Eliminate sources of ignition. Avoid breathing vapour and contact with skin.
Environmental Precautions	Capture all paste and dispose of via registered waste disposal contractor
Spillages	Scoop up and return to original container. Any remaining paste should then be wiped up using cloth or strong paper based wipes using IPA or detergent and water. Spent wipes should be collected by a registered waste disposal contractor.

7. Handling and Storage	
Handling	Use in well ventilated area. Avoid breathing in vapour or resultant soldering fumes. Avoid contact with eyes, skin and clothing. Keep container tightly closed. Always wear gloves before opening containers and during handling. Wash hands after handling paste. Cardboard boxes containing multiple packages may weigh up to 30Kgs
Storage	Storage area should be well ventilated, cool and dry. Store in original containers under refrigeration at 6 Deg C. Avoid temperature fluctuation during storage.

8. Exposure Controls - Personal Protection

Occupational Exposure Limits Tin Copper Silver Antimony	TLV 2mg/m ³ 0.20mg/m ³ 0.1mg/m ³ 0.5mg/m ³	OSHA PEL 2mg/m ³ 0.20mg/m ³ 0.01mg/m ³ 0.5mg/m ³	ACGHIH TLV 2mg/m ³ 0.20mg/m ³ 0.1mg/m ³ 0.5mg/m ³	
Engineering Control Measures			quipment properly exhausted. Work area perator to unnecessary vapour levels.	
Respiratory Protection	Respiratory protect	ction if there is a risk of	exposure to high soldering vapour levels.	
Eye Protection	Suitable eye prote eyes.	Suitable eye protection should be worn to prevent splashing or flicking of paste into eyes.		
Skin Protection	Suitable gloves.	Nash hands after use a	nd remove paste from under fingernails.	
Foot Protection	Not necessary un	less handling cartons h	olding multiple quantities of containers	

9. Physical and Chemical Properties

Form	Paste		
Appearance	Metallic-grey		
Odour	Ethereal Odour		
Boiling point	197 Deg C (vehicle)		
Melting point	217 Deg C		
Flash Point	>98 Deg C		
Auto Ignition Temperature	>226 Deg C		
Flammability limits in air	Lower: n/a		
	Upper : n/a		
Explosion Limits	Lower: n/a		
	Upper : n/a		
Vapour pressure	n/a		
Vapour Density	n/a	(Air = 1)	
Evaporation Rate	n/a	(BuAc = 1)	
Specific Gravity	3.5 to 5.5	(H ₂ O = 1 @ 25 Deg C)	
Solubility	Partially soluble in water (vehicle)		

10. Stability and Reactivity

Stability	Stable under normal conditions	
Conditions to avoid	none	
Materials to avoid	Strong acids, strong oxidising agents	
Hazardous Decomposition Products	May release toxic vapours / gases such as Carbon Monoxide, Carbon Dioxide	

11. Toxicological Information

Basis of Assessment	Information given is based on product data
Acute Toxicity - Oral	LD50 > 3000 mg/kg (lead)
Acute Toxicity - Dermal	LD50 > 3000 mg/kg
Acute Toxicity - Inhalation	LD50 > 5mg/L
Eye Irritation	Slight irritant
Skin Irritation	Slight Irritant - risk of sensitisation
Respiratory Irritation	Irritant in animal studies with possibility of sensitisation.
Skin sensitisation	May cause skin sensitisation
(Sub) Chronic Toxicity	Repeated exposure causes liver damage
Human effects	Repeated exposure can lead to allergic contact dermatitis. Repeated exposure to high levels of soldering fumes may give rise to occupational asthma.

12. Ecological Information

Mobility	The product is most likely to separate in water	
Degradability	Solvent vehicle may degrade but alloy will not	
Bio-accumulation	Possibility of accumulation of metallic alloys.	
Ecotoxicity		
13. Disposal		
Product	Product and spent containers should be disposed of by registered waste disposal	

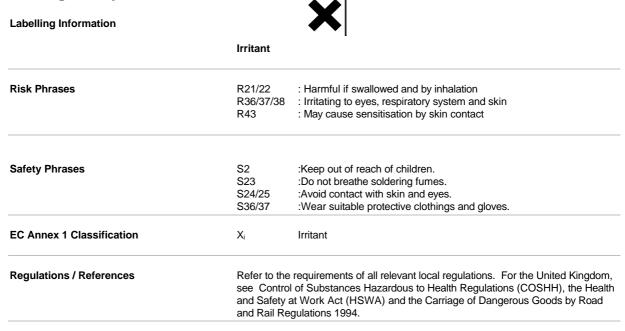

14. Transport Information

UN Number, Shipping name and Class	n/a
Proper Shipping Name	n/a
UN Class / Packing Group	not classified
Packing Symbol	n/a

Trem Card Number

none

15. Regulatory Information

16. Other Information

Application

See technical data sheet for application information
